- Remove drapes from windows.
- Check to see if there is smoke outside the window; if there is no smoke outside and the window may be opened, hang a sheet or light colored material outside. This will signal your location, letting firefighters know that the room is still occupied. Keep part of the sheet inside the window, wet with water.

SAFETY PROCEDURES

Upon Arrival

Please refer to the back of your guest room door to locate fire exits and staircases. Please find alarm pull stations and fire extinguishers on your floor.

Please find the “OFF” switch on your air conditioner. In case of fire, turning the air conditioner off will prevent smoke from being drawn into your room.

In Case of Fire

- Stay calm.
- Pull the nearest fire alarm.
- If possible, close doors around the fire area.
- Phone the operator.
- Exit from the building (if at all possible).
- Take your room key with you.

Smoke

If your room is filled with smoke, fold a wet towel into a triangle and tie it over your nose and mouth. Get on your hands and knees (or stomach) and crawl to the door. Feel the knob; if hot, do not open. If cool, open slowly. Take your room key. If the hallway is filled with smoke, stay next to the wall and count the doors as you crawl to the exit staircase. Walk down the exit staircase. If the staircase begins to fill with smoke, return to your room.

Admittance

Do not admit persons to your room without first making identification. If there is any doubt about the person's identity, please contact the front desk.

Keys

Please safeguard your key. Be sure to leave it with the front desk upon your departure. Do not leave your key in your room or in the door. Do not give your key to others.

Credit Card Fraud

The hospitality industry is experiencing an increase in cases where thieves are contacting guests in their hotel rooms and asking them for credit card information.
